LYNCH LEADING BATTER ON TRINITY TEAM.

Team Hard Hit by Weather—Three Games Played Out of Seven Scheduled.

Up to the Catholic University game, Trinity had been able to play only three of the seven games scheduled on account of the unusual amount of rain this spring. Games with Holy Cross and Springfield College at Hartford, and Yale and New York University away from home, had to be cancelled on account of the weather conditions. The showing that the team has made in the three games in which it has played, even considering the scores, has been encouraging, and there is every reason to believe that the teams will come through the climax of the season—the Wesleyan games on May 31 and June 2—with colors flying.

The team played its first game at Amherst and was shut out, 4 to 0. When it is considered that this was the first time that the team had played together, and that they were up against a team that had tied West Virginia, there is no complaint to be made with the game. Tufts, taking advantage of an off-day on the part of the Trinity pitchers, pounded them unmercifully, and, while Trinity also managed to do some scoring, the game was a terrible exhibition of baseball.

The game with Brown was a game fight in which Brown had a slight edge on Trinity. The score, 7 to 2, in favor of Brown does not indicate the closeness of the game, in which Trinity threatened all the time.

The team batting has been good in spite of the failure to outscore opposing teams. The batting averages of the men who have played this year, including their work in Thursday's game, is as follows:

	G	AB	R	H	Ave.

The game scheduled with Catholic University for Thursday afternoon was cancelled on account of wet grounds.

Junior Smoker.

The Junior Smoker of the class of 1921 was held at the University Club on May 11, with nearly the whole class present. Professor Edward F. Humphrey was the speaker. Slattery was chairman of the committee which comprised the following men: Budd, Walsh, Callen, Parke, Ameluxen, Strong, Lundborg, Jette and Newsom.

Rev. R. B. Ogilby Accepts Presidency

FORMER ARMY CHAPLAIN TO BE TWELFTH HEAD OF COLLEGE.
THANKS ALUMNI AND STUDENTS FOR PLEDGES OF SUPPORT.

REV. R. B. OGILBY, President-elect of Trinity College.

Announcement was made through the press last Sunday that Rev. Remsen Brinckerhoff Ogilby, who had been offered the presidency of the college, to succeed the Rev. Flavel Sweeten Luther, had accepted the offer. Mr. Ogilby announced his acceptance of the offer of the Trustees in a letter to Ralph R. Wolf, '08, a member of the committee which conveyed to him the support of the Hartford Alumni Association. Mr. Ogilby's letter was as follows:

"I have just received the telegram with the resolution of the Hartford Alumni Association of Trinity College to which your name appears as one of the signers. Please let me express to the Association, through you, my appreciation of their action. I have already signified to the Trustees my acceptance of the honor they have done me and I am looking forward to my new task buoyed by the assurance of support from the alumni,

the student body, and the faculty."

Resolutions expressing support of Mr. Ogilby were adopted by the faculty on April 26. The student body adopted similar resolutions on April 29, and the Hartford alumni formally pledged their support at their meeting on May 3.

Mr. Ogilby, who will be the twelfth president that Trinity has had since its foundation in 1823, is a graduate of Harvard. He is a member of the clergy of the Protestant Episcopal Church of America, but has been engaged more in pedagogy than in actual clerical duties. He was the founder of the Baguio School in the Philippines and elicited warm praise from various high officials in the islands for his administration there. During the war he served as a chaplain in the army, first at West Point and later at a debarkation hospital in New York City. He is at present

TRACK TEAM CLOSSES HOME SEASON WITH HAMILTON.

Close Match Anticipated—Last Meet of Year with Wesleyan at Middletown.

Trinity's home track season will come to a close Saturday afternoon when the Blue and Gold will meet the track and field men of Hamilton College at Trinity Field. The Trinity team lost to the Clinton collegians by a narrow margin at the meet last year which was held at Hamilton. The Trinity team this year is much stronger than that of last year in all except the weight events. Hamilton was strong last year in the distances, but they are reported to have suffered heavily in this line by graduation. Since the distances have been Trinity's strongest point this season, there should be some sure points for the local team in the long runs.

The Trinity entry list in the Hamilton meet will be practically the same as for the Worcester meet. Captain Ransom will be in the hundred, the pole vault and the quarter-mile. Ameluxen will enter the hundred, broad jump and the 220-hurdles. These two men with Hungerford and Bradley in the 880 and the mile, and Clapp and Murphy in the two-mile, seem sure point-getters.

The Trinity team made a very respectable showing at the Eastern Intercollegiate at Springfield last Saturday finishing eighth out of a field of fourteen. Trinity entered only five men in the meet—Captain Ransom, Ameluxen, Hungerford, Clapp and Nelson. Nelson was the only point-winner, taking first place in the running high jump. All the other men finished well up in their respective events, but were not quite fast enough to place. Among the colleges which turned in a lower point score than Trinity was Colgate, winner of the meet last year, and represented this year by a team of between twenty and thirty men. Boston College won the meet, during the course of which every track record, and some of the field records were broken.

Manager J. H. Callen, '21, has announced that the final track meet of the year will be held at Wesleyan on May 29. Wesleyan has a strong track team, and will undoubtedly push Trinity to the limit. The Wesleyan management has offered a twenty-dollar silver cup to the winning team.

Tennis Team to Open Here Saturday.

The Trinity tennis team will open their season on Saturday, if the weather man smiles. Matches with the Connecticut Aggies at Storrs and Worcester Tech. at Worcester had to be called off, but it is hoped that conditions will be more favorable for the match here with Connecticut Aggies. The Trinity team will probably be Levin, Hartzmark, Tilton and H. Ortgies.

OUR NEW PRESIDENT.

Beginning with the next fall term, the Rev. Remsen B. Ogilby will take up his duties as president of Trinity College. The war has upset educational institutions all over the country, and Trinity is no exception. However, under adverse conditions, we have regained our footing and are again climbing upwards. Mr. Ogilby is fully able to guide us and to help us retain our position among other colleges, but, without assistance, his will be no easy task. The undergraduates, the alumni, and the faculty have pledged him their loyal support. Let us all adhere to our word in order that we may be able to achieve greater things in the future than we have in the past, by working for, and thinking of a single thing—the welfare of Trinity.

COÖPERATION.

With this issue, the new board takes up its duties with "The Tripod." It is our hope to equal, and, if possible, to surpass, the work of previous boards in the interest of Trinity. To do this, however, we must have your support. "The Tripod" is printed by Trinity and for Trinity. If you think we are not fulfilling our duty, let us know what our faults are, and we will try to correct them. With the alumni, and certainly with the undergraduates, the college should be thought of first, last, and always. Let us all get together, forget our minor differences, and strive to keep our college where it belongs—in the lead.

TO TRINITY'S GUESTS.

To you, who are our guests, we give our hearty greeting. We have tried to show you as much of our college as was possible in the limited time at our disposal. You should remember that a college does not consist merely of a campus and buildings, however. The time you spend there as an undergraduate, the friends you make and the failures and suc-

cesses you experience—these make a college course mean so much in a man's life. Ask any college graduate what the most enjoyable period of his life was, and then ask anyone who has been connected in any way with Trinity, why you should come here. With the information you receive from these sources added to what you already know of the college, you will surely want to become one of us. Think it over!

HARTFORD ALUMNI TO SUPPORT ATHLETICS.

Assure Rev. R. B. Ogilby of Coöperation—Committee Reports on Prof. Humphrey.

At a meeting of the Hartford Alumni Association held at the University Club on May 3, the committee which has been investigating the advised resignation of Professor Edward F. Humphrey reported that their report had been placed on file with the secretary of the Association, where it might be read by any members of the Association who were interested. R. Z. Johnston, '16, read a letter from Acting President Henry A. Perkins assuring the alumni that there was no longer any discord in the college, and no chance of any in the future.

President T. C. Hudson, '14, appointed the following committee to telegraph assurances of the coöperation of the alumni to Rev. R. B. Ogilby, the president-elect of the college: R. R. Wolfe, '08, J. H. K. Davis, '99, and R. Z. Johnston, '16. The association voted to invite Mr. Ogilby to attend a smoker which the association proposes to give in his honor when he comes to Hartford.

M. S. Myers, '22, explained to the alumni the plans for the sophomore smoker, to which the Alumni Association pledged its support.

A committee consisting of R. H. Segur, '12, R. P. Ladd, '18, and Evald L. Skau, '19, was appointed to organize a campaign to raise funds among the Hartford alumni for the support of athletics at Trinity. It is expected that each member of the association will make an annual gift of ten dollars, which will entitle him to free admission to all home games played by the Trinity teams.

Schutz, '94, Appointed Corporation Counsel.

Walter S. Schutz, '94, has been appointed corporation counsel of the City of Hartford by Mayor Newton C. Brainard under the newly-elected republican administration. Mr. Schutz has been active in Hartford politics for some years, having held a seat in the Common Council as the representative of the Tenth Ward for some time before he enlisted in Y. M. C. A. war work in 1918. During the war he served with the Y. M. C. A. in France and in Poland.

Mr. Schutz is a graduate of St. Paul's School at Concord, N. H., from which Rev. Mr. Ogilby comes to the college to assume the presidency. Mr. Schutz came to Trinity in 1890. He received the Bachelor of Arts degree in 1894. He was admitted to the New York bar in 1897, and is a member of the Connecticut, New York and American Bar Associations. At present he is practicing law in Hartford, where he takes an active interest in all Trinity affairs.

SENATE MEETING.

Reitemeyer and Hicks Elected to Student Advisory Council—No "Off-campus" Scraps.

May 3, 1920.

Meeting called at 7.25 by Lyon, president. Those present: Lyon, Lynch, Keating, Puffer, Clark, Levin, Cunningham, Tilton.

Mr. Cunningham asked that the senate approve the request that the sophomore class was to make to the faculty—i. e., that Saturday morning, May 15, the day of the sophomore smoker be declared a holiday. A motion to this effect was made, seconded and passed.

Mr. Lyon suggested that it was time for the new members to be appointed to the Students' Advisory Council in the places of Mr. Puffer and Mr. Lynch, whose terms have expired. Mr. Reitemeyer and Mr. Hicks were elected.

The senate voted as being in favor of sending a resolution to Professor Perkins to the effect that it was not in favor of "off-the-campus" scraps.

Mr. Lyon said that the schedule for the interfraternity tennis matches was completed, and would be presented at the next meeting of the Interfraternity Council.

The meeting was adjourned at 7.45 p. m.

Attest:

ARTHUR V. R. TILTON,
Secretary.

Interfraternity Tennis.

The schedule for the interfraternity tennis match has been announced. The match will consist of four singles and one of doubles. No 'varsity men will be allowed to compete.

The matches to be played before May 21, 1920, are: Delta Phi versus Phi Gamma Delta; Delta Psi versus Sigma Nu; Alpha Chi Rho versus Psi Upsilon; Delta Kappa Epsilon versus Alpha Delta Phi; Alpha Tau Kappa versus the Neutral Body.

Salesmanship Training.

Twenty of New York's largest department stores have coöperated with New York University in establishing a training school for college graduates as teachers of salesmanship, directors of training, personnel managers or numerous other executive positions. A two-year graduate training fellowship covers the expenses of the course. One-half of every day is devoted to classroom study and lectures on the various aspects of merchandizing, while the remainder of the day is spent in actual work in the coöperating stores.

OGILBY ACCEPTS PRESIDENCY.

(Continued from page 1.)

at St. Paul's School at Concord,
N. H.

Mr. Ogilby was on the campus on
Thursday, May 6, and met a num-
ber of the undergraduates. He
seemed to take an active interest in
all undergraduate activities, espe-
cially in athletics. A reception was
held for him by members of the fac-
ulty in the faculty room in Seabury
Hall, giving all of his future col-
leagues an opportunity to meet him.

Rev. Mr. Ogilby Replies to Students.

The following message has been re-
ceived by the secretary of the Senate
in reply to the resolution sent by the
student body to the Rev. Mr. Ogilby:

"Let me express through you, as
Secretary of the College Senate, my
appreciation of the resolution of the
student body, a copy of which you
have sent me. The honor that has
been done me by electing me your
president is a great one, and to rise
to the full measure of the responsi-
bilities involved is a large task; but
your assurance of loyal coöperation
makes difficulties seem small and in-
spires readiness for faithful service.

Yours sincerely,

R. B. OGILBY."

Press Comment.

(Hartford Courant)

Rev. Remsen Brinckerhoff Ogilby,
elected yesterday afternoon by the
trustees of Trinity College to be pres-
ident of that institution, will enter
upon his new duties next September
with the support and best wishes not
only of the alumni of the college but
of the many men and women in
Hartford and throughout the country
who have always been interested in
its success.

Mr. Ogilby is a young man, but he
comes highly recommended by such
men as Bishop Brent, of Western
New York and Bishop Lawrence of
Massachusetts, and with a record
that promises well for the advance-
ment of the college under his guid-
ance.

Trinity College, known as Wash-
ington College until 1848, was found-
ed in 1823. Its long and honorable
career has included many men of dis-
tinguished ability as presidents. Mr.
Ogilby has a great opportunity be-
fore him. There is every reason to
believe that the Trinity trustees have
picked the right man.

(Hartford Times)

The election of the Rev. Remsen
Brinckerhoff Ogilby as president of
Trinity College is interesting from
several points of view. The trustees
of the college have chosen to head
the institution a comparatively young
man, and in this respect they have
done well. On the sunny side of mid-
dle age a man is more adapted and
appreciative of conditions and less
didactic than in later years. Mr.
Ogilby's youth has been one of intense
activity, pursued under the influence
of masterful ideals and gives promise
of a development that will be very
useful to the college. A Harvard
man, a student at the General Theo-
logical Seminary and a graduate of
the Episcopal Theological School at
Cambridge, Mr. Ogilby entered at
once upon church work in Boston,
and later went to the Philippines,
where he organized and developed a
school for American boys. Thus was

laid the foundation of his career.
Eager for army service, he obtained
a commission as chaplain in the army
in 1918, and returned to this country
with the hope of getting overseas
service, but he was awaiting orders
when the armistice was signed. He
made good use of his time, however,
at West Point and at a debarkation
hospital, which was to his credit. It
is noticeable that the trend of his
thought is for the guiding of youth,
and this should stand him in good
stead as the president of Trinity.

The trustees carried out the tradi-
tions of the college in choosing a
churchman. It is said that part of
the opposition to Acting President
Perkins as choice for the presidency
was based on the fact that he was not
a member of the Protestant Episcopal
Church. In this respect the trustees
gave no encouragement towards the
broadening of the scope of the history
of Trinity, nor in the letting down of
the bars of sectarianism. The inter-
nal troubles of Trinity, which have
racked the college during the past
year, also precluded the choice of
Professor Perkins, as it is agreed
that a strong man outside the Trinity
atmosphere is needed to put an end
to the personal strife that has marked
the past year.

President-elect Ogilby will enter on
his new duties with the support and
best wishes of every one connected
with the college, and all indications
indicate a successful presidency,
which should be marked by both
length and growth.

tors. William C. Hicks, '21, will con-
tinue as business manager, with
Stevenson W. Webster, '23, as assist-
ant.

"The Trinity Chapbook" was start-
ed during the present year to fill the
place of the defunct "Tablet", and
furnish the college with a literary
magazine. The faculty heartily en-
dorsed the proposition, and contri-
buted to the first few numbers. The
trustees also supported the venture.

The magazine is aimed more at the
alumni and general public than the

undergraduate body, although it wel-
comes undergraduate contributions of
a high literary character. It was
started through the efforts of the
first managing board—Joseph W.
Stansfield, '20, editor-in-chief; Hall

Parsons, '18, associate editor, and W.
C. Hicks, business manager.

Last Thursday being Ascension

BUSINESS TRAINING FELLOWSHIP!

The Metropolitan Merchants of today want college-trained men;
they recognize your ability and are willing to meet you halfway in
providing you with the practical business training necessary for your
ultimate success.

UNLIMITED OPPORTUNITIES

Twenty of the largest department stores in New York City have
coöperated with New York University in establishing a Graduate Course
for the purpose of training college graduates as teachers of salesman-
ship or for the numerous executive positions, as directors of training and
personnel managers in the stores.

The Graduate Training Course requires two years for completion
and combines Theory and Practice as follows:

Mornings to study and lectures at the University.

Afternoons and vacations to Practical Business Training.

YOU ARE PAID A SALARY WHILE YOU LEARN!

Graduate Fellowships, each worth from \$700 to \$1,000 yearly, are
awarded each college man or woman accepted for the course. You have
a bonafide business connection with the coöperating stores during train-
ing, and you are given an opportunity to study all departments in many
stores.

At a meeting of the college body April 29 the following resolutions were unanimously adopted:

"We, the students of Trinity College, in meeting assembled, having learned of your election to the presidency of the college, sincerely hope that you will accept the office and assure you of a hearty welcome and of our loyal coöperation under your leadership for the welfare of Trinity."

At College Newspaper Convention.

Robert D. Byrnes, '22, managing editor, and Richard C. Puels, '22, circulation manager of "THE TRIPOD", were the delegates at the convention of the Eastern Intercollegiate Newspaper Association at Columbia University on May 7 and 8. An intercollegiate news service was formed, by means of which papers in the association will be able to get news from other colleges in much the same manner that newspapers get their news from the big news associations. Arrangements were also made for the coöperation of the business boards of the various papers.

ON THE CAMPUS.

Rev. E. C. Thomas, rector of Saint James' Church, Hartford, officiated at Holy Communion in the chapel on Saint Philip and Saint James' Day, Saturday, May 1, 1920.

The son of Professor Fischer received a severe cut on his head recently when a cellar door on which he was playing, fell in. He was playing with Professor Humphrey's children when the accident happened. Dr. Swan is treating the boy.

At a regular meeting of the college body May 3, Rev. Robert A. Hume

was the speaker. Mr. Hume is a missionary to India and gave an interesting talk on the relations of England with her colony. Acting-President Henry A. Perkins presided at the meeting and introduced the speaker.

Prof. Henry A. Perkins has completed his term as president of the Hartford Board of Park Commissioners and has been succeeded by F. Spencer Goodwin.

A Flying Squadron from the Near East Relief visited the college on Friday and addressed a meeting held in the public speaking room.

Anson T. McCook will address the last meeting of the year of the Political Science Club to be held at the Psi Upsilon house on Tuesday, May 25. Officers of the Club for next year will be elected at that time.

The Rt. Reverend Chauncey B. Brewster, '97, will make his annual visitation to the college on May 16.

Alpha Tau Kappa Fraternity held a very enjoyable dance at the chapter house on Prospect Avenue Thursday evening. There were about twenty-five couples present.

C. H. Gesner was elected chairman of the 1924 Freshman Rules Committee at a meeting of the freshman class on May 4.

John R. Reitemeyer, president of the Political Science Club, is to be the delegate from Trinity to the International Conference of Political Science Clubs at Clark University in Worcester from May 20 to May 22.

K. W. Liu of Canton, China, who has been at the Hartford Hospital for several weeks with influenza, is gaining rapidly and will return to college soon.

"DEFEATED SPIRITS" TITLE OF SOPH. SMOKER SHOW.

Prohibition Sketch Written by Tilton, '20—Scenes at Trinity and Chinatown.

The climax of the Sophomore Smoker will be an original three act musical comedy to be given in Alumni Hall on Saturday evening, May 15. "Departed Spirits" is the title of the play and the cast will consist of forty undergraduates. During the play there will be a smoker, and between the acts various members of alumni, faculty and the undergraduate body will address the sub-freshmen.

The central idea of "Departed Spirits" is embodied in prohibition, as the title suggests. The scene of the first act is laid in the room of Philip Morris, a student of Trinity College. It is learned that Phil's uncle, Dr. Bevo, one of the leading campaigners for prohibition in this country, has promised to endow the college with a million dollars if no student or member of the faculty

"Departed Spirits" and Smoker.

touches any intoxicating liquor for a period of two years. The action of the play starts on the night when the two years have expired. The spirit of John Barleycorn appears to Phil promising to take him back for twelve hours to Wun Lung's cabaret in Chinatown, New York, where Phil frequently used to go before prohibition went into effect and where he fell in love with Lotus, the daughter of Wun Lung.

The second act opens in Wun Lung's cabaret. Fang Goo, a notorious Chinese hatchetman and Tong leader, threatens Wun Lung, because the latter refuses to consent to the marriage of his daughter to Fang Goo. Later Phil appears in the cabaret and has a happy reunion with his friends of former days. He also meets Lotus again and she promises to marry him. While they are in another part of the house together, Dr. Bevo, Phil's uncle, enters the cabaret with the intent of reforming the habits of that notorious place. But he falls under the influence of liquor and the seductive women of the place, and his reformatory purposes are soon forgotten under the pleasing combination of "wine, women and song." Later when Wun Lung appears with Lotus and Phil, announcing their intended marriage, Dr. Bevo, recognizing Phil, suddenly sobers up and tears up the check of one million dollars which he was going to give the college. As an anti-climax, Fang Goo breaks into the cabaret with a troop of his followers and is just at the point of murdering Phil when everything vanishes and the voice of John Barleycorn tells Phil that his twelve hours are up.

The third act takes place next

morning on the college walk just after chapel. Here is considerable excitement over the news that Dr. Bevo has presented the college with the million dollars. Phil suddenly awakes from his dream, thinking that he has lost the million for the college. But his fears are quieted when the announcement is made of the holiday declared in honor of Dr. Bevo's gift.

The book of the show was written by Arthur V. R. Tilton, '20, assisted by Thurston B. Macauley, '22. Macauley acted as coach for the show. James K. Callaghan was in charge of the musical effects. The songs were written by Miss S. H. Gilmore of New York City.

TRUSTEES ACT

ON RESIGNATION.

Express Appreciation of Long Service of Professor Riggs.

In appreciation of the faithful services rendered by Professor Riggs to the college during the thirty-three years that he had been professor of chemistry, the Trustees passed the following resolutions at their meeting on Saturday, April 24:

"Resolved, That in accepting with great reluctance the resignation of Professor Robert Baird Riggs, Ph. D., from the Scoville professorship of chemistry the Trustees of Trinity College feel that they cannot allow the occasion to pass without recording their appreciation of thirty-three years of such devoted and distinguished service.

Not only has he trained a number of successful chemists of which the college is justly proud, made valuable gifts to the college library, taken an active part in formulating the administrative policy of the college, serving as registrar of the faculty for many years, taken an active interest in athletics, serving for many years on the faculty committee on athletics and college organizations and carried an unusually large number of courses, but he has also by his contributions to scientific journals aided the advancement of science and enhanced the reputation of the college as a seat of learning and research."

RUSHING RULES ADOPTED.

Pledging of Freshmen Now Under Direction of Interfraternity Council.

At all the fraternity meetings on the hill Wednesday night the following rushing rules as recommended by the Interfraternity Council were adopted:

1—No man shall be pledged to any fraternity until he shall have been an undergraduate student at Trinity for fourteen days.

2—Each house shall entertain first those freshmen with whom it has had correspondence or who have friends in that house before introducing them to other crowds.

(b) The chairman of the rushing committee of each house shall be responsible for seeing that every freshman is introduced at every other house.

3—(a) At seven o'clock on the last night of the no-pledging period, new men will gather in Alumni Hall. At that time each fraternity shall issue dinner invitations to those undergraduates it desires to bid.

(b) Each man must notify the fraternity whose invitation he will accept by one o'clock of the following day. These acceptances shall be deposited in a box to be placed in some position to be designated by the interfraternity council.

(c) No fraternity man may speak with a freshman from the time he has received his invitation until he arrives at dinner the following night.

(d) The interfraternity council shall be in charge of the distribution of invitations which shall be uniform, and shall be prepared by the council.

These rules became effective on their adoption. Under these rules will be conducted the rushing and pledging of every freshman next year, regardless of any pledge he may have given before the adoption of the rules. At the meeting of the Council at which the rules were presented all fraternities agreed that any man already pledged should be notified that such pledge was to be considered null and void.

Fraternity Scholarship.

In the lists, recently published, giving the relative standing in Easter marks of the fraternities and neutral body, Delta Phi is still leading by virtue of having received less E's and a greater percentage of A's and B's. Delta Psi and the Neutral Body vie for second honors, each being second in one list and fourth in the other.

In the percentage of E's, Delta Phi, Delta Psi, Alpha Tau Kappa, Neutral Body, Sigma Nu, Phi Gamma Delta, Alpha Chi Rho, Alpha Delta Phi, Psi Upsilon, Delta Kappa Epsilon.

In the percentage of A's and B's, Delta Phi, Neutral Body, Sigma Nu, Delta Psi, Alpha Delta Phi, Alpha Chi Rho, Delta Kappa Epsilon, Phi Gamma Delta, Alpha Tau Kappa, Psi Upsilon.

Mr. and Mrs. Walter S. Schutz entertained three French Y. M. C. A. workers at the formation of the Red Triangle Club, Wednesday, May 5. Among those present were Rev. Dr. Ernest deF. Miel, '88, and Mrs. Miel, and Professor and Mrs. Henry A. Perkins.

Greater X-ray Service— through Research

FOR years after the discovery of X-rays it was evident that only intensive research could unfold their real possibilities.

Meanwhile, scientists of the General Electric Company developed the process of making wrought tungsten. This proved ideal as the target in X-ray tubes and its use for this purpose soon became universal.

Then further research resulted in the development of an X-ray tube of a radically new type—the Coolidge Tube—with both electrodes of wrought tungsten and containing the highest attainable vacuum.

But the complication of high-vacuum pumps made the new tube in large

quantities impossible. The answer to this problem was the Langmuir Condensation Pump, utilizing mercury vapor in its operation and almost automatic.

To meet the need for simple X-ray apparatus during the war, the G-E Laboratory developed the Self-Rectifying Coolidge Tube, which made possible portable outfits at the front. The latest X-ray outfit of this type is so small it can be taken conveniently to the home or to the bedside in the hospital.

Thus the Research Laboratory of the General Electric Company continues to serve, that progress in things electrical may continue for the good of humanity.
